

CX-H Quick Reference Card

[†]Depending on how your system is set up, this command may not be available. Consult your system administrator for additional information.

Welcome!

Your organization's new CX-H unified messaging system is designed to provide you with the same convenient access to your messages whether you are at your desk or calling in over the telephone. When you call in, our interface saves you time and effort when sending, retrieving, and managing messages.

Before You Start

To set up CX-H, your system administrator will give you the following information.

CX-H internal number:

CX-H external number:

Your subscriber ID:

Your system administrator may also give you a default security code to use when you log on to CX-H for the first time.

Gaining Access to Your Mailbox

Follow these simple steps to start using CX-H.

1. Call the CX-H internal or external number.
2. Enter your subscriber mailbox number.
4. Enter a security code (or the default code, if your administrator has given you one).

Performing Common Tasks

If you are looking for a quick hint on how to perform a specific task, here is the list of the shortcut commands.

† Depending on how your system is set up, this command may not be available. Consult your system administrator for additional information.
